Guangdong Forestry Science and Technology

Quarterly, Started in 1985

Vol. 23 No. 1 February 20, 2007

The Fourth Editorial Committee

Head of the Committee:

Deng Huizhen

Vice Head of the Committee:

Chen Junqin, Chen Beiguang,

Zeng Peixian, Zheng Yongguang

Member of the Committee:

Deng Huizhen, Wang Jun,

Bai Jiayu, Li Kaifu,

Chen Junqin, Chen Beiguang,

Zheng Yongguang, Lin Junqin,

Fan Junxiang, Zhong Weihua,

Zeng Peixian, Zeng Linghai

Editor in Chief: Zeng Linghai

Associate Editor: Fan Junxiang

Editors: Xie Cailing, Cheng Qingrong

Ding Xiaogang, Yang Haiyan

Sponsored by Forestry Society of

Guangdong Province & Guangdong

Forest Research Institute

Edited & Published by Editorial Office

of Guangdong Forestry Science

and Technology

Study on Technology of Cuttage of *Taxus chinensis var mairei* (Lemee et Levl.)

Cheng et L. K. Fu (1)

Selection and Afforestation Layout of Superior *Taiwania flousiana* Seedlot (7)

Numerical Simulation to the Ecological Functions of Effect Belt of

Quercus Mongolica in a Secondary Forest of Sanjiang Plain (14)

Improvement of the SSR-PCR Methodology in PEE and PCH (18)

Growth Adaptation of Seedlings of *Michelia maudiae* Dunn to Acid Rain

Stress (22)

The Early Growth Seasonal Rhythm and the Relationship with Climate of

Different Tree Species for Stand Conversion in Dongguan Ecological Forest

..... (28)

Preservative Treatment Performance and Natural Antidecay Studies of 11

Bamboo Species (34)

Evaluation of Ecological Forest Stand Quality Based on Geographic Information

System and Gray Relative Comprehensive Evaluation Model (37)

The High Quality and Steady Yield Cultivated Technology of

Canarium album Reusch (42)

Waterholding Characteristic of 0~20 cm Depth Soil in Fengshui Woods of

Foshan City (47)

Study on Calculation of Volume of Clones in *Eucalyptus ABL2 W5* and

Eucalyptus urophylla U6 (53)

The Effect of Decreasing Temperature and Increasing Humidity of

Syzygium cumini + *Cinnamomum burmanni* Belt (58)

The Growth Performance of *Acacia cincinnata* in Wutaishan Forestry State Farm

of Fujian Province (62)

The Study of Culture Medium Mixtures of *Cyclamen persicum*

and *Camellia sasanqua* (67)

Study on Growth Process of *Taiwania flousiana* Plantation

Growth Performance on Acid Soil and Cultivation Technique of

Zenia insignis (76)

Preliminary Study on the Physiological and Biochemical Indices of Heat

Tolerance of Rose Leaves (80)

Damage and Prevention of *Merremia boisiana* in Hainan

Province, China (83)

Preliminary Report on Introduction of *Taxus mairei* in Huizhou City (87)

Observation on Developmental Duration of Adult

Encarsia amicula Viggiani et Ren (91)

Trial of Cuttage on Multiplication of *Photinia fraseri* (94)

The Reproduction Technique of *Rosmarinus officinalis* (97)

Research Progress on Measurement Soil Organic Matter by Chemical Oxidation

..... (100)

A Theoretical Study on Natural Recreation Areas' Developing Planning

..... (104)

The Introduced Resource and Application on Gardening Virescence of

Eucalypt in China (109)

Landscape Green Application of Palm Plants (112)

Afforestation and Nusing Technology of PEE × PCH (116)

The Biological Properties and the Nursing and Afforestation (118)
